

## RCCS Testimonials--

"One of the many things that I have valued while attending Rock County Christian School is the friendly atmosphere of the school. The smaller class sizes have allowed the teachers and students to build strong relationships. This helps not only academically, but also spiritually. The teachers are more aware of the needs of the students. Many times over the years, the teachers have been very personal, never avoiding opportunities to share their faith. As a student, I have never been ashamed to ask any member of the staff a question no matter what it may be because I know that they care. They have always been there for me." Robert, 12<sup>th</sup> grade

"This school doesn't feel like just a big group of friends but a really big family. ...it's a kind of good that the school is much smaller than usual because you are able to get some one-on-one time with teachers and they give you the help that you need. I was kind of angry and upset when my mom put me in this school because it was small and it just wasn't what I suspected but now as I look at it in a good way I thank my mom so much for putting me in Rock County Christian School because I am a changed person. I didn't think I would ever want to go to college or anything but this school prepares you for the real world, and I am very excited for what God has planned for me and my future. It is also different because I never had anyone push me as hard as Rock County Christian School staff push me. They tell me every day that I got this and I can do it. I love it. They will not let you fail and they hate to see you ever trying to give up." Rieonna, 11th grade

"I like RCCS because we can live out our faith openly. I also like this school because I have a lot of friends that love me and build me up in the Lord. I don't always like the uniforms here but I understand the reason. I also like the small class sizes." Maddie, 10th grade

"I love RCCS because of the small classes. I am also blessed to be able to go to a school that gives me information about the Bible. I enjoy the experience I get at RCCS." Emily, 10th grade

"I like this school because the classes are small, making it easier for teachers to help all the students, not just some of them. The teachers make learning interesting. They want to be there to help us learn. Thank you teachers!" Jennahvieve, 10th grade

"I am so blessed to have my daughter at Rock County Christian School. In my experience with Christian schools over the years, I have not found a school more equipped to handle the different learning needs of each child. My daughter is thriving at RCCS even with a learning disability. I praise God for RCCS." Jackie R, parent

"RCCS has been an incredible blessing to our children and our family. We have a wonderful church family. RCCS is a second family to our children meeting their academic and spiritual growth needs. Thanks, Rccs. It's been a wonderful partnership." Amy H, parent

"We as parents were so pleased to have an option like RCCS for our children. We believe it is our responsibility as parents to train our children in the Bible and to have the backing of a Christian school that shares our beliefs makes the job a lot easier! There are so many things that bombard our kids daily, and to know they are getting solid teaching in ALL areas is a blessing to us." Andy and Anne W, parents

"It is so reassuring to know that my Children are in a safe and nurturing learning environment. Not just for the standard educational skills, but they are learning to grow socially and be leaders in their community!" Jill W, parent

"RCCS is the best school in the county""RCCS cares about the entire family and are a support to the family."

"RCCS prepared my children for college. Their challenging course work allowed my children to receive a total of \$320,000 in scholarships.""I love their commitment to the Christian world view" Dannie E, parent

"I love RCCS, the teachers and principals take the time to get to know your child and your family personally-- it's so nice to be able to take my daughter to school every day and know that the staff genuinely care about her. I also love the emphasis on prayer; my daughter at 4 is already coming home eager to pray at meals or whenever and the other day we were listening to a

Casting Crowns CD that talks about what if God's people prayed and she chirps up and says "I can pray in school!" I am proud to send my daughter to a place with a strong spiritual emphasis and I know that this will positively impact her for a lifetime!"

Jenifer F, parent

"RCCS has been a great transition for our family from homeschooling. The class sizes are small enough for the teachers and staff to know the students. The curriculum is very challenging and the teachers are connected with the lives of my boys. They want the students to succeed, socially and academically. I feel RCCS has prepared my children for life after high school and the school has the same goals in mind that my husband and I have for our boys. We feel very blessed to have a wonderful Christian school as a partner with us." -Linda R, parent

"I love RCCS and everything it has afforded my children! The small class sizes has allowed the children to receive extra help, when it was needed, and an extra push, when that was in order. Often times the school feels like our extended family and I wouldn't rather have my children anywhere else. RCCS teachers and staff are such a blessing!" Lynette T, parent

"As a parent, I treasure having the school as a partner in raising my daughter in a way that honors God. Not only is she getting a top-notch education, but I know that she has a closer relationship with Jesus because of RCCS!" Phil A, parent

"RCCS has been a part of our family for many years now (having put three children through the school) where we have built some wonderful friendships over the years. So, RCCS is not only a school, it is a family forever." Doug S, parent

"RCCS has been a blessing to my family. A lot of people would say all we want as parents is for our kids to achieve and be successful, this is true but I feel it is more important for them to find Christ and to know that they can be successful and achieve all that God has planned for them because they can do all things through Christ who gives them strength. My kids are encouraged everyday by the staff to achieve all that God has for them academically but more importantly in their relationship with Christ." Denise G, parent

"The school is a blessing. We have boys at both campuses, and they are challenged academically and physically everyday. And the most important part is their Spiritual growth is flourishing because they are being taught by well-rounded Christian teachers and staff that truly have their best interest at heart." Todd T, parent

"Rock County Christian School has been a life-changing experience for our children. We are very grateful for the opportunity to be a part of such a wonderful and caring Christian school." Wendy C, parent

"The teachers really love on the kids. My daughter is a better person because of their influence." Rebecca O, parent

"I like RCCS because it is a small school and you can get connected together easier." Ben, 9<sup>th</sup> grade
